

HOME AWAY FROM HOME

Since 1988 the warm and welcoming setting of the Adult Day Center has been enhancing the quality of life for older adults who can benefit from socialization and supervision, including those with Alzheimer's disease and dementia. Feel confident that the well-being, dignity and safety of your loved one is our highest priority.

PRAISE FROM OUR FAMILIES...

"The Adult Day Center has been a wonderful help for me and my family. I have no other family to help with caregiving for my mom, and it is such a huge burden and responsibility"

"The staff and manager... all care a great deal about the attendees, which was evident to us from the beginning. It is truly a special place."

"Our heartfelt appreciation goes to the staff for the amazing, supportive environment you provided to our dad. All of you are in our prayers."

OUR COMMITMENT

Financial assistance may be available through the County Respite Program and the New Jersey Adult Day Services Program for Persons with Alzheimer's Disease or Related Dementia .

VISIT US AND LEARN MORE

To schedule a visit and learn more about the benefits of adult day services, call 908-766-0180. We are open Monday-Friday from 8:00am-4:30pm, and conveniently located near I-287 and I-78 in Basking Ridge NJ. The Center features multipurpose activity rooms, an outdoor garden, secured entrances, and personal care facilities.

YOUR CARE. OUR CAUSE.

Care is more than a service for the VNA, it is our cause. It is the purpose that drives everything we do, every life we touch and everyone we serve.

For over 100 years, the VNA of Somerset Hills has remained committed to the cause of delivering personalized in-home and community-based quality healthcare to both our patients and their caregivers. As a post-acute and community based healthcare provider, we support patient recovery and help to extend the time people remain living independently in the comfort and security of their home.

Our skilled clinicians and professionals are a trusted part of the community, delivering valuable health services including in-home nursing and rehabilitation therapies, hospice and palliative care, adult day services, community education and caregiver support.

CARE & COMMUNITY

The Adult Day Center, a social adult day program model, offers a warm and supervised environment for older adults to engage in a meaningful day filled with activity and socialization. Through a structured schedule and customized programming, the social, cognitive and personal care needs of members are met. From music and pet therapy to the arts and exercise, members of our Adult Day Center family enjoy a full day of activities while caregivers can get a much needed break and be assured their loved one is safe and happy.
