

HOSPICE & PALLIATIVE CARE

Through personalized and compassionate care, we help patients and families make the most of their remaining time together. Our goal is to deliver care that allows patients to live their final days with dignity and comfort, while providing their loved ones with much-needed support.

DID YOU KNOW WE OFFER...

24 HOUR SUPPORT

Support can be accessed 24 hours a day, seven days a week.

FAMILY CARE

Services include bereavement and caregiver support and private patient web pages to share memories and comfort with loved ones.

SPIRITUAL SUPPORT

Hospice pastoral counselors provide non-denominational, non-judgmental, spiritual care to individuals regardless of their religion or culture.

PET PEACE OF MIND®

Our program allows patients to complete their end of life journey without worrying about their pet's current or future needs.

OUR TEAM

Our specially trained Hospice & Palliative Care team works closely with the patient's physician and family to develop and coordinate a personalized care plan that focuses on the patient's physical, emotional and spiritual needs.

Your hospice team includes a nurse case manager, Medical Director, social worker, pastoral counselor, home health aide, pharmacist and volunteer.

OUR COMMITMENT

Medicare, Medicaid, managed care and other insurance plans cover the payment for hospice care. As a nonprofit hospice, we can offer care that goes beyond traditional services to maximize the patient care experience.

SERVICES INCLUDE

- + Pain and symptom management
- + Personal care assistance
- + Rehabilitation therapies
- + Social work and family care services
- + Medications, medical supplies & equipment
- + Alternative therapies

YOUR CARE. OUR CAUSE.

Care is more than a service for the VNA, it is our cause. It is the purpose that drives everything we do, every life we touch and everyone we serve.

For over 100 years, the VNA of Somerset Hills has remained committed to the cause of delivering personalized in-home and community-based quality healthcare to both our patients and their caregivers. As a post-acute and community based healthcare provider, we support patient recovery and help to extend the time people remain living independently in the comfort and security of their home.

Our skilled clinicians and professionals are a trusted part of the community, delivering valuable health services including in-home nursing and rehabilitation therapies, hospice and palliative care, adult day services, community education and caregiver support.

DIFFICULT CHOICES, COMFORTING CARE

Our Hospice & Palliative Care opens the door to a quality of life that may otherwise be unavailable for patients with a life-limiting condition. As difficult as the choice for hospice may be, this care helps patients and families to understand and prepare for the days ahead. The primary goal of our services is to provide support, assistance and guidance to the patient and their family - whether at home or at a long-term care facility.

We are a nonprofit, Medicare-certified hospice and are accredited by CHAP.
